WHO WE ARE

Honest, professional and innovative.

We are an integrated design, print and marketing company based in the heart of Hebden Bridge, West Yorkshire. It's our job to understand you and your business. We identify opportunities to help your ideas grow through design, print and marketing.

We offer honest, personal and professional advice to all companies, no matter what size or sector. This enables you to make the right choices to achieve your business goals.

PEOPLE

Building relationships is what we do best.

At Print Bureau, we've built a team of experts. This is key to a successful and creative team where our skills and knowledge can be used to ensure sound business decisions are made. Our interpersonal skills are paramount and we pride ourselves on developing strong and long-lasting relationships with every customer.

RESULTS

Getting results is everything.

When we work with clients, it's all about gaining and developing an excellent understanding. We get to know who they are and what they want to achieve. This journey we, believe, is vital in allowing a project to grow to its full potential.

For the past 20 years, our vision has allowed us to understand retailers, manufacturers, distributors, innovators, consumers, and most recently, the education sector. Due to a diverse client base, this enables us to deliver excellent results.

We aim to be creative, hardworking, and above all honest.

VALUE

We love to make a difference.

As a team, we believe in quality and not just for us but for our customers too. We are reliable in producing top-quality work and hitting our deadlines.

Our team will always go above and beyond. We pride ourselves on having the ability to communicate ideas clearly and honestly. We do this as a team and most importantly, to you, the client.

BUSINESS CARDS

New Business?

Why not brand your company vehicle?
see p.38

A business card is often the first glimpse a potential client or collaborator will have of your company, and can convey a lot about you. We'll work with you to help you make a great first impression.

Looking for something a bit different?

We offer a range of special finishes including foiling and spot UV and durable plastic cards to help you stand out from the crowd (see overleaf).

LETTERHEADS & COMP SLIPS

Your business stationery communicates who you are as a company; your brand and ethos are there for all to see, at the top of the page.

In the age of swollen email inboxes and customers contacting you via WhatsApp and Facebook, using printed stationery shows a more professional and serious side to your business.

Other paper stocks (textured, recycled) are available, please ask for a quote.

BOOKLETS

When you need to tell customers about your products and services in more depth, a booklet allows you to be that bit more expansive. Choose from a range of styles and finishes - from a standard saddle stitched booklet to a more high-end, perfect bound hardback, we've got the expertise and the flare to get them looking exactly how you want them.

Alternative paper stocks, large print runs and bespoke finishes (cover lamination, foiling) are available at an additional cost, please ask for a quote.

*Add £6 per every additional four pages (e.g. For 25 copies of a 52 page A5 booklet, the cost would be £164).

Booklet finishing

Saddle Stitched

Despite the name, saddle stitched booklets are not sewn together; they are folded and stapled along the spine. This is our standard binding process.

Depending on the number of pages and weight of the chosen paper, a booklet may be too thick to be saddle stitched. In this instance, we recommend having your book perfect bound.

Perfect Bound (PUR)

You can recognise a perfect bound book from its square spine. This is a high-end method of finishing.

Perfect bound books do not need to be set in multiples of four, as the pages are cut and collated individually.

As the spine of the book needs to be filled, a minimum 5mm capacity generally applies to books being perfect bound.

*A setup fee of £145 is required when having a book perfect bound.

PRESENTATION FOLDERS

Ideal for use in meetings, presentations and for putting together packs of literature or sales documents. We offer standard and custom folder sizes die-cut to shape, then printed onto a 350gsm card stock to ensure a sturdy finished product.

Additional options include a range of card or plastic pockets, different spine capacities and business card slots. *Print runs of 100 and 250 include a blank corner pocket glued to the inside back cover, which cannot be printed on to. Double sided designs must take this into consideration.

3 Design
From your brief, our in-house graphic design team will bring your ideas to life, supplying visual mock-ups and imposed images taken from the site survey.

4 Production
All our signage is printed and finished on-site with the latest equipment and hardware, using a variety of materials and substrates. Our print team strive to ensure your signage is produced to the highest quality.

5 Fitting
Once your job has been printed and manufactured, our experienced fitting team will on site to complete your project.

SIGNAGE

Café Barriers

An easy and effective way to define areas whilst advertising at the same time; our modular, portable cafe barrier system is available in Deluxe and Economy models.

Both models come with a one year product guarantee.

Economy Café

Stainless steel post and base in black. Fabric or PVC graphic. Available with a looped bottom rail or spring clips.

Deluxe Café

Stainless steel post and base with a chrome effect finish. Fabric or PVC graphic. Available with a looped bottom rail or spring clips.

Formulate Range

Ideal for creating picture backwalls or defining areas in rooms by screening; our formulate structures offer double sided tension fabric graphics that contour the shaped aluminium structure to create maximum impact.

As well as being versatile, are also multifunctional when accessorised with LED lighting, iPad holders, shelving and leaflet holders.

Modulate Range

Composed of a set of eleven aluminium tubed frames and then dressed with a custom print tension fabric graphic; our modulate frames easily connect to each other using powerful magnets placed inside each structure.

Modulate gives the freedom to mix and match frames of all shapes and sizes to create the perfect display for you.

Both products come with a five year product guarantee.

Pop-up Banners

The most popular type of banner stand as they are lightweight, retractable and very easy to use. Simply pull the banner up out of the base unit to reveal your custom-printed graphic. Carry case included.

Standard size is 850mm width, other sizes are available.

Size

850 x 2000mm	£90
1000 x 2000mm	£128

Vector LED Lightboxes

Stand out from the crowd with our wall-mounted or free standing backlit LED lightboxes. Perfect for small or large format displays, the edge lit lightboxes create an even light across a wide area to illuminate your chosen graphics.

Available in a range of sizes.

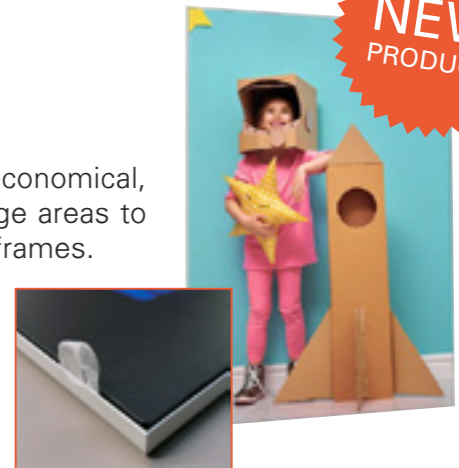

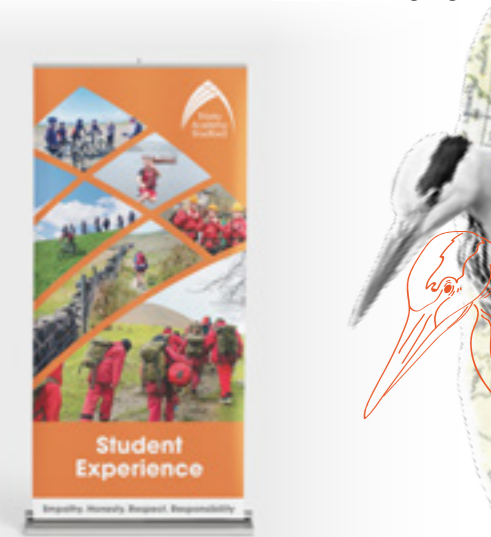

Vector LED products come with a one year product guarantee.

Tension Fabric Wall Graphics

Fabric prints are stretched across a tension frame to provide economical, high impact graphics. They can be used seamlessly across large areas to create dynamic displays or can be used individually on smaller frames.

Tension graphics are also a perfect solution where frequently updated graphics are required.

Available in a range of sizes.
